

In addition, your monthly contribution also provides:

Staff— Mary Kate Browning is a licensed pastor with the Churches of God General Conference and serves as the current pastor of Overflow.

Overflow also contributes towards Mary Kate's tuition at Winebrenner Theological Seminary in Findlay so that she can be better equipped to meet the spiritual needs of the ministry. Mary Kate will receive a Masters of Practical Theology in the fall of 2021.

Facility— Your financial contribution also helps meet monthly expenses (including heating & cooling, electric, water, wifi, & trash pick up).

In 2019 we were able to purchase our current building with the help of two non-interest loans for which we are currently in the processes of paying back. Once these loans are paid off, we plan to continue renovations on our facility that would allow for us to move our worship space to the 2nd floor with handicap accessible options.

Your gift continues the work of Overflow Ministries.

I'd like to contribute to Overflow Ministries financially but am unable to commit \$50 a month—can I still give?

Yes! Overflow utilizes a free online giving platform called tithe.ly. Simply go to <https://tithe.ly/give?c=1462587> to make an electronic onetime payment or set up reoccurring payments (you can even choose to cover the processing fee so that your entire donation will go towards Overflow).

You can also mail a check donation made out to "Overflow Ministries of Tiffin" to 126 S. Washington St., Tiffin, OH 44883.

Overflow is grateful to support other local ministries and help recruit and equip student leaders for service with Young Life Tiffin and Northwest OH's Cru (formally Campus Crusade for Christ).

Where real life meets real hope.

Tiffin, OH 44883

Adopt a Student for \$50 a Month

When you *Adopt a Student* you will receive a Prayer Card for a specific student (including their name, year, major, and a specific prayer request for the semester). Prayer is incredibly important in what we do, and we ask that you hang the prayer card somewhere you will see it on a regular basis so that you can continuously be praying for that student.

You are welcome—but not required—to send your adopted student(s) notes of encouragement to:

Overflow Ministries
126 S. Washington St
Tiffin, OH

You will also receive an

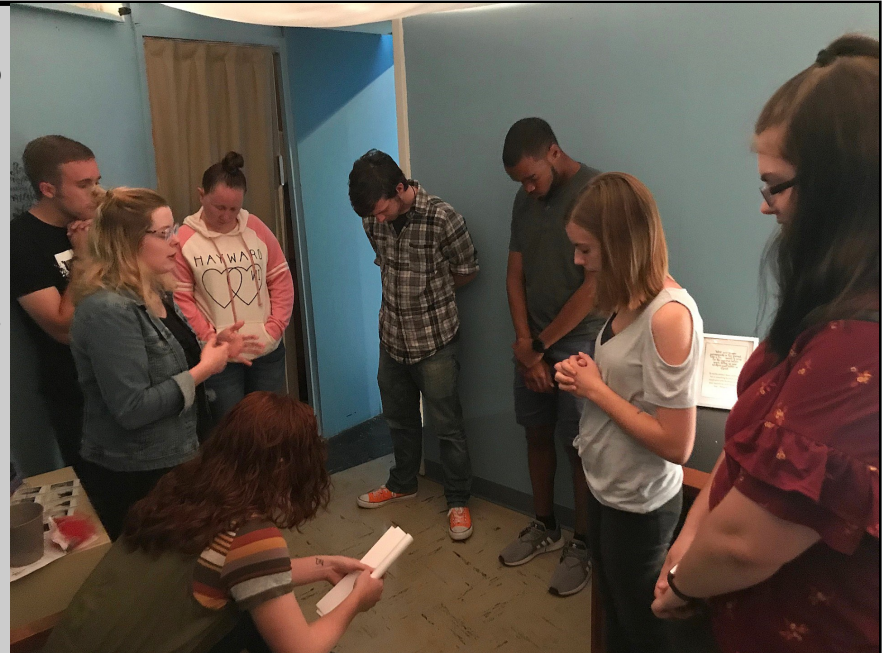

“Overflow” bumper sticker and copies of Overflow’s e-newsletter so that you can continue to be updated on the life of the ministry. All donations are tax deductible.

Overflow

Overflow Ministries is a student-led non-profit that seeks to provide opportunities to grow, connect and equip college students in their faith. It is an off campus ministry opportunity that was founded by Tiffin and Heidelberg students in 2017.

We started by meeting in a borrowed space generously shared by Grace Outrageous Ministry, but — through the power of the Holy Spirit — our exponential growth pushed us into our own large meeting space downtown, located at 126 S. Washington St.

Overflow began as a ministry of Hopewell Church of God in Tiffin, but since its inception has partnered with many local pastors and community members who share our dream of reaching out to this unreached generation. In August 2019, Overflow Ministries of Tiffin became an independent ministry under the Churches of God, General Conference. In 2019 we were also blessed to be able to purchase our building, allowing us to remain in downtown Tiffin within walking distance of both universities.

Adopt a Student ensures that we can continue to offset the cost of...

1. Weekly student-led worship services
2. Weekly freshmen specific Bible Study for the class of 2020
3. Keeping our facility open during the week so that students have a relaxing, safe space to go off campus and enjoy free coffee, snacks and wifi
4. Major-specific internship opportunities (for credit) for Heidelberg and Tiffin university students
5. Giving back to the community through service projects or leading worship at local churches
6. Bible study curriculum
7. Office supplies (paper, ink, etc)
8. Provide scholarships for mission trip expenses for students
9. Ongoing leadership opportunities
10. Weekly “After Hours” in which college students can participate fun activities on Saturday nights following service (ex: photo scavenger hunt, trivia, escape room, Mario Kart, karaoke, pumpkin carving)
